- Matte white

NEENAH® Performance Materials has over 60 years of experience in the manufacturing of saturated and coated papers sold worldwide. With an established track record for quality and performance, we are the preferred choice for Label and Tag products.

DURAFORM® Laser Paper is a saturated and coated paper for label facestock, with excellent performance attributes in print quality, conformability, and durability.

DURAFORM® Laser Paper is printable with conventional and laser printer platforms. This smudge-free label facestock is hand-writable and abrasion/scratch resistant*.

Applications Include:

- Specialty coupons
- Prime Labels
- Shelf-marking
- Retail marking

The surface of DURAFORM® Laser Paper can be cleaned/washed with the following*:

- Warm, Soapy Water
- Methanol
- Isopropyl Alcohol
- Zep Fast 505 Cleaner
- Purell Hand Sanitizer
